3. Try Before You Buy

Whenever possible, try on jeans before purchasing. Pay attention to how they fit in the waist, hips, and thighs. Ensure you can sit, walk, and move comfortably in them.

Caring for Your 7 for All Mankind Jeans

To ensure your jeans maintain their fit and appearance over time, proper care is essential. Here are some tips for washing and maintaining your denim:

1. Wash Sparingly

Denim does not need to be washed after every wear. Consider washing every 5-10 wears unless they are visibly dirty.

2. Turn Inside Out

Always wash your jeans inside out to protect the color and finish.

3. Use Cold Water

Wash in cold water to prevent shrinkage and color fading.

4. Avoid Heat Drying

Air dry your jeans whenever possible to maintain their shape and fit. If you must use a dryer, opt for low heat.

5. Store Properly

Fold or hang your jeans to avoid creasing. A dedicated space for denim can help maintain their quality.
