## Step-by-Step Instructions for Vegan Baked Oatmeal

Now that you have your ingredients ready, let's dive into the process of making vegan baked oatmeal.

### Preparation

1. Preheat the Oven: Start by preheating your oven to 350°F (175°C). This ensures that your baked oatmeal cooks evenly.
2. Prepare the Flax Egg: In a small bowl, mix the flaxseed meal with water and let it sit for about 5-10 minutes until it becomes gel-like. This will act as your egg substitute.
3. Mix Dry Ingredients: In a large mixing bowl, combine the rolled oats, baking powder, and any spices you're using. Stir well to distribute the ingredients evenly.
4. Mix Wet Ingredients: In a separate bowl, whisk together the plant-based milk, maple syrup, vanilla extract, and the prepared flax egg until smooth.

### Combining Ingredients

5. Combine Wet and Dry Mixtures: Pour the wet mixture into the dry ingredients and stir until fully combined. If you're adding fruits or nuts, gently fold them in at this stage.
6. Prepare Baking Dish: Lightly grease a 9x9-inch baking dish or line it with parchment paper for easy removal.
7. Pour the Mixture: Transfer the oatmeal mixture into the prepared baking dish, spreading it evenly.

## Baking

8. Bake the Oatmeal: Place the dish in the preheated oven and bake for 30-35 minutes, or until the top is golden brown and the edges are set.

9. Cool and Serve: Once baked, remove the dish from the oven and allow it to cool for a few minutes. Cut into squares and serve warm.
