SMART Goals Framework

Tracy advocates for the SMART goals framework, which ensures that goals are well-structured and achievable:

- **S - Specific:** Goals should be clear and specific, answering the questions: What do I want to accomplish? Why is this goal important? Who is involved?

1. List all the tasks required to achieve the goal.
2. Prioritize these tasks based on importance and urgency.
3. Allocate specific timeframes for completing each task.
4. Review and adjust the action plan regularly to ensure progress is being made.
