Structure of the CFA Level 3 Exam

The CFA Level 3 exam is designed to assess a candidate's ability to synthesize and apply concepts and analytical methods. Unlike the first two levels, which primarily focus on multiple-choice questions, the Level 3 exam incorporates essay-type questions along with multiple-choice questions.

Exam Format

- Candidates must be prepared to explain their reasoning, justify their decisions, and apply their knowledge to real-world scenarios.

2. Afternoon Session: Item Set Questions
