Early Life and Background

Chandragupta Maurya was born around 340 BCE, although the exact date remains a subject of debate among historians. He was born into a humble family in the region of present-day Bihar. His early life was marked by political turmoil, with the decline of the Nanda dynasty, which had ruled the region for several decades.

Education and Mentorship

Chandragupta's early education is often attributed to his association with the philosopher Chanakya, also known as Kautilya. Chanakya was a brilliant strategist and the author of the ancient Indian political treatise, the Arthashastra. After being humiliated by King Dhana Nanda of the Nanda dynasty, Chanakya vowed to overthrow him and sought out a suitable candidate to lead this charge. He found in Chandragupta a young man with remarkable potential.
