## Understanding Celebrate Recovery

Celebrate Recovery is an international program that began in 1991 at Saddleback Church in California. It was designed to offer support for individuals struggling with various issues, including:

- Addiction: Substance abuse, alcohol dependence, and other addictive behaviors.
- Emotional Struggles: Anxiety, depression, and other mental health challenges.
- Codependency: Issues related to unhealthy relationships and dependence on others.
- Grief and Loss: Coping with the death of loved ones or significant life changes.

The program operates on the foundation of Christian teachings and emphasizes the importance of community, accountability, and spiritual growth.

## The Twelve Steps of Celebrate Recovery

The Celebrate Recovery 12 Steps are adapted from the traditional Twelve Steps of Alcoholics Anonymous (AA) but are infused with Christian principles. They serve as a roadmap for recovery, guiding participants through their healing journey. Here's a brief overview of these steps:

1. We admitted we were powerless over our addictions and compulsive behaviors—that our lives had become unmanageable.
2. We came to believe that a power greater than ourselves could restore us to sanity.
3. We made a decision to turn our lives and our wills over to the care of God.
4. We made a searching and fearless moral inventory of ourselves.
5. We admitted to God, to ourselves, and to another human being the exact nature of our wrongs.
6. We were entirely ready to have God remove all these defects of character.
7. We humbly asked Him to remove our shortcomings.
8. We made a list of all persons we had harmed and became willing to make amends to them all.
9. We made direct amends to such people wherever possible, except when to do so would injure them or others.
10. We continued to take personal inventory and when we were wrong promptly admitted it.
11. We sought through prayer and meditation to improve our conscious contact with God, praying only for knowledge of His will for us and the power to carry that out.
12. Having had a spiritual experience as the result of these steps, we tried to carry this message to

others and to practice these principles in all our affairs.
