Understanding Chloe Shoe Sizes

When it comes to luxury footwear like Chloe shoes, sizing can vary significantly from brand to brand. Chloe typically follows European sizing, which can be confusing for customers accustomed to US or UK sizing. Understanding how the sizing works will help you find the perfect fit.

European vs. US Sizing

Chloe shoes are primarily sized using the European system. Here's a quick comparison of European sizes to US and UK sizes:

- European Size 36 = US Size 6 = UK Size 3
- European Size 37 = US Size 7 = UK Size 4
- European Size 38 = US Size 8 = UK Size 5
- European Size 39 = US Size 9 = UK Size 6
- European Size 40 = US Size 10 = UK Size 7
- European Size 41 = US Size 11 = UK Size 8

This conversion can help you determine your size when shopping for Chloe shoes, but remember that fit can vary between different styles.
