WORLD WAR I

World War I, often called the Great War, was a global conflict that lasted from 1914 to 1918. It involved many of the world's great powers and resulted in approximately 15 to 20 million deaths. This war introduced new military technologies and tactics that contributed to its high casualty rates and widespread devastation.

ORIGINS AND ALLIANCES

The assassination of Archduke Franz Ferdinand of Austria-Hungary ignited a series of events that led to war between two main alliances: the Allies, including France, Russia, and the United Kingdom, and the Central Powers, led by Germany, Austria-Hungary, and the Ottoman Empire.

LEGACY AND EFFECTS

The war ended with the Treaty of Versailles, which imposed heavy reparations on Germany and redrew the map of Europe. The unresolved tensions contributed to the rise of fascism and ultimately to World War II. Additionally, World War I prompted significant social changes, including shifts in gender roles and the decline of monarchies.
